## A Special Invitation for An Upcoming Training Opportunity

Coming Thursday, December 12<sup>th</sup>, J.M. O'Connor will be offering another education opportunity with our HVAC Commercial Pump Training class held in our Lenexa training room. Class time is 8:30am – 3:30pm and will cover everything from reading pump curves, proper pump selection, seal basics, pump installation and start-up, as well as hands-on time reviewing proper pump alignment and seal replacement.

We encourage our fellow Taco Representatives to attend, as this class is open to anyone interested in growing in their understanding of Pumps in HVAC Commercial applications. The classes J.M. O'Connor offers are always free, breakfast and lunch is provided, along with a certificate of completion of the class. J.M. O'Connor Branch Manager and training expert, Warren Jurgens, will be presenting.

You don't want to miss all the great info this class has to offer. Contact Cyndi to sign up or for more information. (913) 438-7867 or e-mail [cvanhengel@jmoconnor.net](mailto:cvanhengel@jmoconnor.net).
